# GET READY FOR... THE TEAL MASK

## WELCOME TO KITAKAMI!

Get ready to travel to the brand-new area of Kitakami, a tranquil land filled with fields and orchards. Towering high above the town is a huge mountain. The jagged cliffs and dark caves almost make this monstrous mountain look like a Pokémon itself!

## TOP TOWN!

## FESTIVAL FUN!

The Festival of Masks just so happens to be on while you're visiting Kitakami! It's packed full of stalls and street vendors so be sure to check out the different goodies that are up for grabs. You'll get to wear the traditional jinbei outfit, too, which is super-cool!

## MEET THE HEROES!

# LEVEL UP!

## BOSS BATTLE ROYALES!

### WARM UP!

★ The same way you'd warm up before sports IRL, it's a good idea to have a practice round before your gaming session if possible. In some games like Fortnite, you can sharpen your skills before the main event!

### SLOW AND STEADY!

★ It can be tempting to charge right into the action but try hanging back, at least for a little while. This lets you see what your opponents get wrong, so you don't make the same mistakes — which is super-helpful for rounds like Door Dash on Fall Guys!

### KEEP MOVING!

★ Camping at one location for the entire match may seem like a good idea but you're less likely to win. By staying put, you're allowing other gamers to get their hands on better loot. Keep moving to increase your chances of winning!

## WAYS TO WIN!

*Not getting the W? Why not try...*

### Practising your aim!

You don't have to stick to Battle Royales to improve your shooting skills, plenty of other games can help perfect your aim too. Check them out and you'll bag Victory Royales in Fortnite in no time!

**STUDIES HAVE FOUND THAT PLAYING VIDEO GAMES COULD IMPROVE YOUR VISION!**

# THE DOS & DON'TS OF...

CRASH TEAM RUMBLE
READY TO RUMBLE!

## DO

### KNOW YOUR CHARACTER AND ROLE

Every character in Crash Team Rumble has different stats and specialities. Be sure to play the right one for what you want to do for your team in a match! A good mix of characters will mean an easier win, so not everyone can be Dingodile!

### COLLECT WUMPA

If you see wumpa fruit, you should be collecting it unless your inventory is full. Crash Team Rumble is all about getting more fruit, and you can't bank it if you don't have it!

### GET THE MULTIPLIER UP

When the gem platforms activate, be sure to capture them for your team. If your team is in control of the gems, it will get a gem boost – which means more wumpa fruit!

## DON'T

### CHASE KNOCKOUTS

While knockouts are fun, they're not the main objective. If someone manages to get away, then let them and go bank more fruit! If you're about to be knocked out, you should know when to run away as well.

### WASTE TIME

Matches are designed to be really quick in Crash Team Rumble, so if you're messing around while the other team is collecting and banking wumpa, you'll be sure to lose. Stay on task and focus on victory!

### FORGET TO USE POWERS

There are lots of different powers to equip – and using them correctly will slow down your opponents! Got a Flytrap Spitter or a Gasmoxian Guard? Go put it on the enemy capture point and rack up those Ws!

# SONIC SUPERSTARS

GENRE: PLATFORMER SYSTEM: PS4, PS5, XB1, XBSX/S, NS

Imagine a classic **Sonic** game but with 3D graphics, an all-new-setting and new ways to play. If you think this sounds awesome, we think you'll love **Sonic Superstars**!

Play as **Sonic**, **Knuckles**, **Tails**, or **Amy** as you speed through the **Northstar Islands**. **Dr. Eggman** has teamed up with an old nemesis, **Fang**, to convert the islands' giant animals into **Badniks**. It's up to you to put a stop to him before it's too late!

**Sonic Superstars** is more than just a high-speed action platformer. What makes this game feel totally different from the classics we know and love, are the new powers and abilities.

You'll be able to channel the power of **Chaos Emeralds** to multiply and swim up waterfalls. From the trailer we spotted **Sonic** and the gang transform into what looks like colourful, pixelated octopuses – how cool is that?!

**Northstar Island** looks totally awesome too and we can expect some boss battles along the way during the race to stop **Dr. Eggman**.

Team up with friends throughout the entire campaign with drop-in and drop-out 4-player local co-op. Although you can still play solo if you prefer, we think being able to play with friends will make this game even better. We've never seen a feature like this in a **Sonic** game before which is a huge deal!

**Sonic Superstars** takes what we love about the classic games but also seems to offer fans something totally brand new. We can't wait to dive into the adventure!

# DETECTIVE PIKACHU RETURNS

**GENRE:** ADVENTURE **SYSTEM:** NINTENDO SWITCH

It's time to return to **Ryme City** as our favourite **Pokémon** detective is finally back in action!

Fuelled by coffee and silly jokes, **Detective Pikachu** must once again team up with **Tim Goodman** to solve a series of strange goings on and mysteries across the city as the **Ryme** citizens get ready for **Pokémon** Friendship Week.

**Detective Pikachu** and **Tim** look better than ever as they make their **Switch** debut, and we can't wait to pick up from where the first game left off, discovering more about this incredible world where **Pokémon** and humans live side-by-side.

There are a whole host of familiar faces in this game too, from a sleuthing **Slowpoke** to the return of **Mewtwo**, as well as some of our other favourite **'Mon**, like **Munchlax**, **Inteleon** and **Raboot**!

We loved gathering evidence, building our case files and solving puzzles in the first game, so we can't wait to get stuck into more mysteries this time around. The original **3DS** game also featured cool **Pika** Prompts when you tapped the screen, so we're excited to see what kind of gameplay and fun features the **Switch** sequel will provide.

Whether you've played the first game – or even just watched the movie – we're sure **Detective Pikachu Returns** will be an intriguing and exciting adventure for any **Pokémon** fan!

REVIEW

GENRE: ARCADE/FIGHTING SYSTEM: PS4, PS5, XB1, XBSX/S, NS

# DOUBLE DRAGON GAIDEN: RISE OF THE DRAGONS

If retro side-scrolling beat 'em ups, like **Streets of Rage 4** or **TMNT: Shredder's Revenge**, are your thing, then you'll love the latest instalment in the **Double Dragon** series!

**New York City** has been taken over by rival gangs, so it's up to you and your tag partner to defeat each gang and save the city. You can take on the gangs in any order you like, but whichever order you pick impacts the length and difficulty of that level. This feature is pretty neat because if you choose a different order the next time you play, you'll get a different gaming experience!

The level environments themselves are really fun too, with lots of interesting hazards and obstacles that add an extra element of danger to the game – from falling rocks, to spiked floors. Although the combat itself is fairly straightforward, you can make things interesting with well-time tags to your partner and special attacks. Bagging multiple special KOs at once will give you a health bonus, so it's worthwhile learning the best time to hit that special button.

The local co-op mode adds to the arcade fun, allowing you to team up with a mate as you take on enemies together. If you're looking for a fun fighter you can dip in and out of, that's a little bit different each time you go back to it, then **DDG** is worth checking out!

# HOT WHEELS UNLEASHED 2 - TURBOCHARGED

HYPE RATING:

YOUR HYPE RATING:

**Hot Wheels** is back with a second instalment in their **Unleashed** series and this time it's turbocharged! With updated mechanics, new environments, and all new game modes, this sequel has definitely levelled up.

There are even new vehicles to check out, with motorcycles and ATVs being added into the mix. In fact, there are over 130 different rides to try, with customisable drive styles so you can really make them your own.

One of the most exciting features of **Unleashed 2** is the all-new Campaign Mode. Revolving around a cast of four new characters, you'll go on an awesome adventure as the story progresses. So, whether you want to get lost in a story, race your mates, build an epic track or just pull off sick stunts, there's something for everyone in this ace new game!

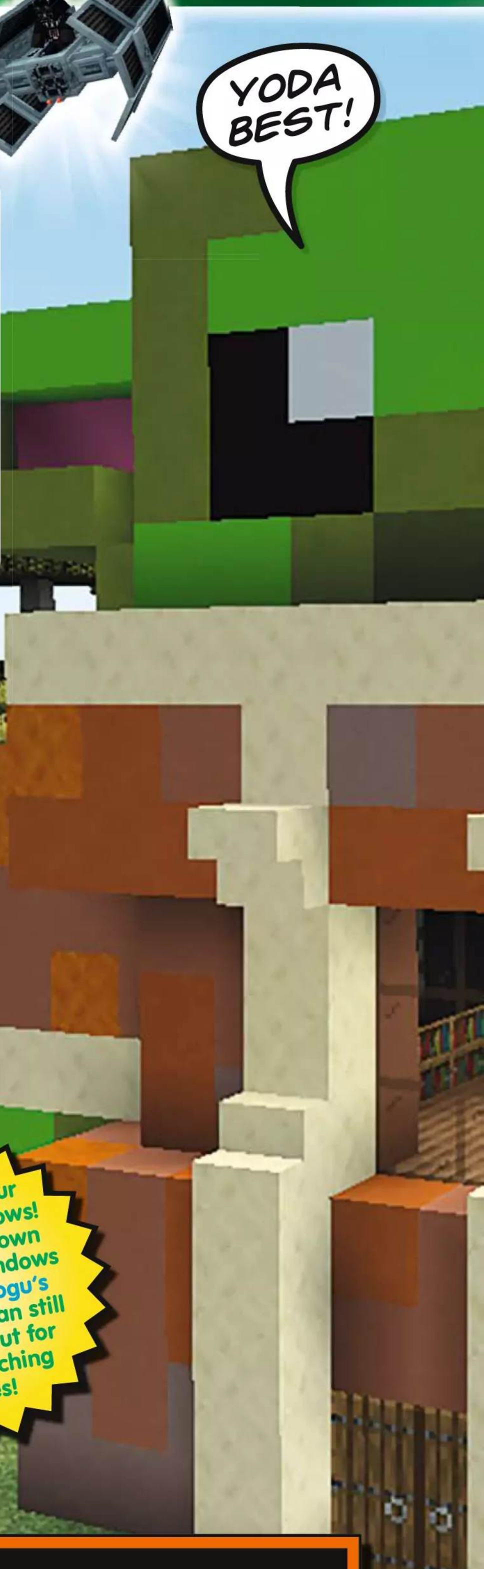
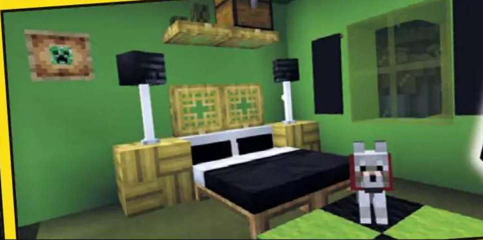
# MINECRAFT x STAR WARS

# BUILD A BABY YODA!

## CRAFT YOUR OWN GROGU GETAWAY!

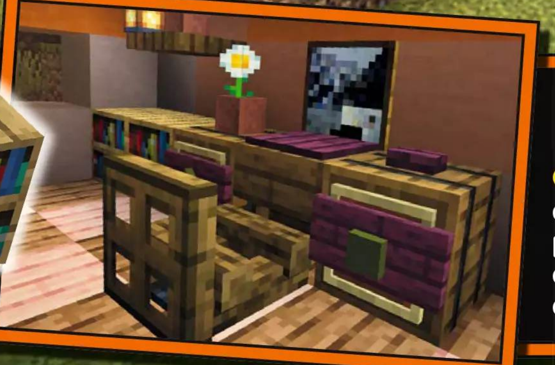




### EPIC BEDROOM!

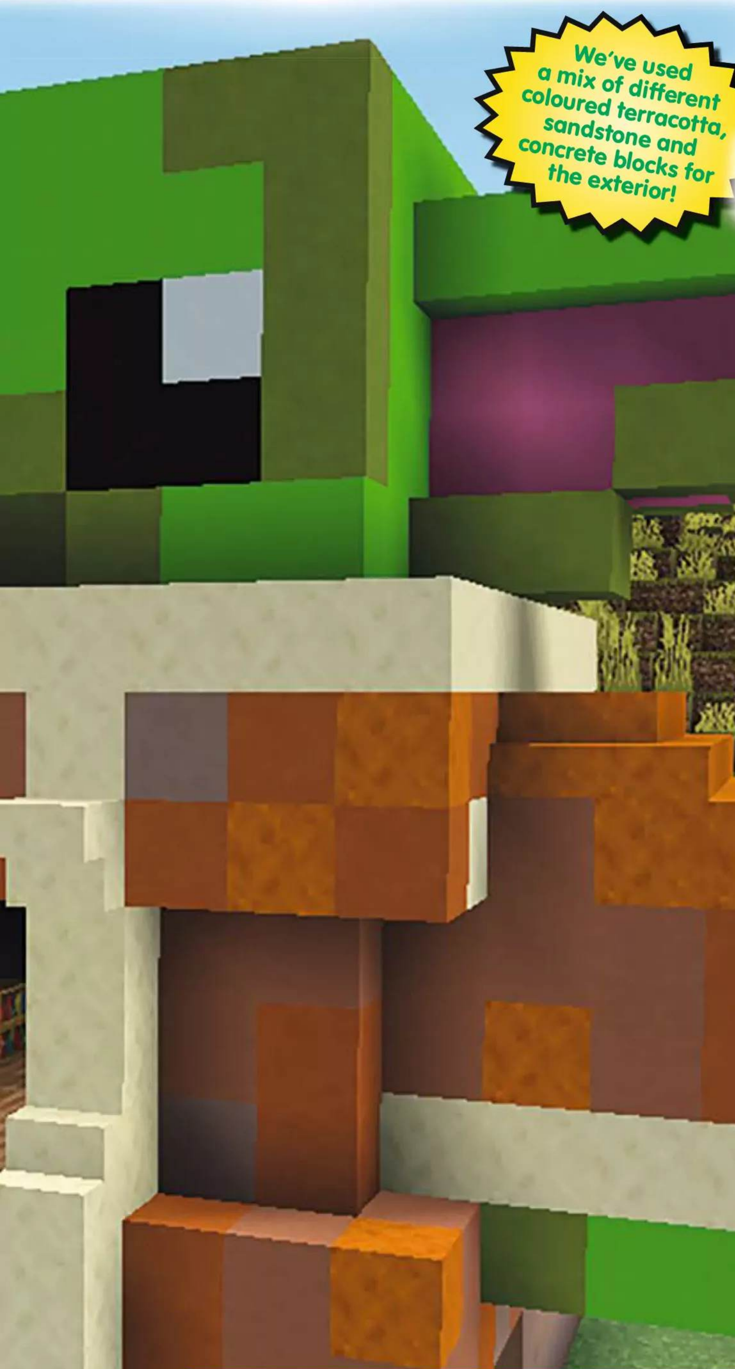
- We've taken over the entire top floor of our three-storey giant **Grogu** and turned it into an epic **Creeper**-themed bedroom! Place smooth quartz stairs on top of banners to hack some comfy pillows, use bamboo trap doors for a headboard and shelves, and make some cool lamps out of end rods and **Wither Skeleton** skulls.

Make sure your base has windows! We've used brown glass so our windows blend into **Grogu's** coat, but we can still keep a lookout for any approaching enemies!

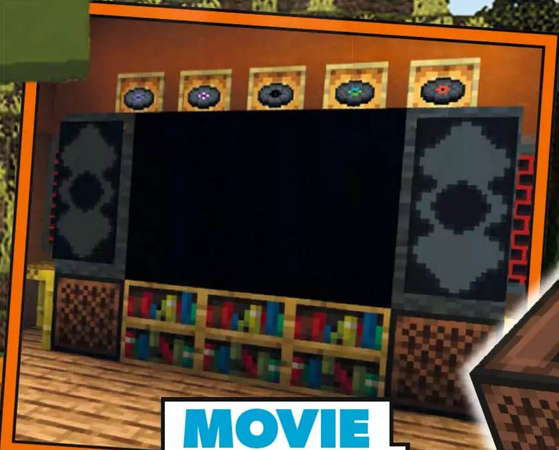


### GAMING STATION!

- No cool hideout would be complete without a place to play video games! We've used a painting, pressure plate and button to create our PC set up and made a gaming chair out of an extinguished campfire and a trapdoor.



We've used a mix of different coloured terracotta, sandstone and concrete blocks for the exterior!



## MOVIE MAGIC!

● Fancy a **Star Wars** movie marathon? Then you'll need a cinema! We've used custom banners, jukeboxes and black concrete to make this massive TV screen and speaker system. Plus, we've added bookcases and framed music discs to finish-off this media centre.

## SUPER SOFA!

● This corner-style sofa is simple but effective! We've used cool purpur stairs and blocks to make a comfy-looking couch, complete with a slab coffee table. A few finishing touches, like lanterns, a potted cherry sapling and a music station will make this the cosiest hangout spot in **The Overworld**.

# WILL'S MINECRAFT LEGENDS OVERWORLD TIPS

HERE ARE SOME TIPS TO ABSOLUTELY BEAST THIS GAME!

## TOP UP TIP

"When you are in the forest, use your **Allays**! There are so many trees so why not top up on wood?"

## FLAG GUIDE

"Use the flag to direct your **Golems** where to go. This is useful when you move away from a building, but your buddies stay where they are and destroy it while you keep fighting!"

## VILLAGE POWER

"Fortify your villages! By doing this, your **Villager** friends can fight back without needing you there."

## EVEN IT OUT

"Get an even number of **Golems**. If you have too many **Wood Golems** then you could get the **Piglins**, but with fewer **Stone Golems** it takes longer to destroy structures!"

## PLAN OF ATTACK

"Don't fight **Piglins** all at once! It looks cool to herd them all together and fight them all, but I assure you your health will not be happy!"
